Group III. Claims 36-47, drawn to a method of producing a transgenic non-human animal and a transgenic non-human animal, classified in classe 800, subclasses 13 and 25.

To be complete, our response must include an election of one of the groups of claims. Our response generally includes pro forma arguments traversing the requirement for restriction.

We look forward to receiving instructions concerning our election at your earliest convenience, if possible prior to the due date for our response, which is October 17, 2001.

Sincerely,

KLAUBER & JACKSON
